As it will always happen that many of the Senior Captains are employed so as not to have any claim to half-pay,—hence the allowance of 14*s.* 6*d.* and 12*s.* 6*d.* will come so many lower down in the list; so, in like manner, it will be with the Commanders, Lieutenants, Masters, and Pursers; all which classes, when on the half-pay, are liable, when they advance in seniority to the beginning of the lower rates, to be a part of the quarter at one rate and part at a higher.

The above rates of half-pay commenced on the 1st day of July, 1814, and are to be paid quarterly in future: the quarters to end 31st of March, 30th of June, 30th of September, and 31st of December. Officers entitled to half-pay should attend thereto, and make their affidavits accordingly.

Such Officers whose pay is under 150*l.* per annum, are liable to be charged at the full rate of 10 per cent. per annum thereon, if they have any other income, so that the whole should be 150*l.*; but if they have no other income than that inferior pay, or half-pay, they should then transmit to their Agents, annually, or as often as they send their Books, or Accounts, a declaration in writing, as follows, which will cause the charge of Income Tax to be reduced to the rates stated in the foregoing Table

I, A— B—, do declare, that the whole of my Income arises from my Pay, or Half-pay, as (Lieutenant, Master, or what else the rank may be,) in the Royal Navy.

Dated, this Day of 181

A— B—.

N.B. All Officers in the foregoing List, excepting 2d Masters and Assistant Surgeons, have three-pence per Pound abated from the gross amount of their personal pay, or half-pay, for the support of the fund to pay Pensions to Widows of Officers.

Captains and Lieutenants have also Sixpence per Month abated, for the support of the Hospital at Greenwich. All the other Officers have a like abatement made, and a further one of One Shilling per Month for the support of the Chest of Greenwich. Surgeons have these last two abatements made from their pay for a servant, the same as if compensation for one formed a part of their income.

Mails are made up at the General Post Office for the West Indies twice a month;—namely—on the first Wednesday, for Jamaica and the Leeward Islands, and on the third Wednesday for the Leeward Islands only. Sail from Falmouth soon after the arrival of the Mails, which is on Saturday evening.

Mails are made up in London for Halifax, Quebec, and New York, the first Wednesday in every month throughout the year.—Lisbon, every Tuesday.—Mediterranean and Malta, every third Tuesday.—Cadiz, every second Tuesday.—Brazils and Madeira, on Tuesday.——Surinam, Berbice, and Demerara, every second Wednesday.

Mails for Guernsey and Jersey are made up every Friday night for Weymouth, and sail on Saturday about four or five o'clock in the afternoon. Return to Weymouth the Thursday or Friday following—distance 35 leagues.

The return of the Packets is calculated thus:—To Jamaica and back seventeen weeks; America, eleven; Leeward Islands, thirteen; Malta, fourteen; Brazils, eighteen; and Surinam, twelve.

N.B.—The Packets at the different Sea Ports sail soon after the arrival of the Mails—wind and weather permitting

In our former impressions we stated that many of the Senior Captains might be employed so as not to have a claim to half-pay, in which case, an allowance of 14*s.* 6*d.* and 12*s.* 6*d.* would be given to so many lower down on the list, which statement was given from the presumption that the Order of His Royal Highness the Prince Regent in Council, of the 8th of June, 1814, would be so understood from the expression contained in it—"*Subject to the former regulations.*" But, on the payment of the first quarter's half-pay, the classing of Officers was found to have been very differently interpreted; as the Captains, who stood No. 1 to 100, and unemployed, were only to have 12*s.* 6*d.* per diem; the Commanders, from 1 to 150, 10*s.*: Lieutenants, from 1 to 300, 7*s.*; and so with Masters, without regard to what number employed.

Form of Affidavit.

This Deponent in the Royal Navy, voluntarily maketh oath, that he has not enjoyed the benefit of any public employment whatever, either at sea, or on shore, between the day of 181 and the day of 181

Sworn before me, at this day of 181

N.B. All Officers in the foregoing List, excepting 2d Masters and Assistant Surgeons, have three-pence per Pound abated from the gross amount of their personal pay, or half-pay, for the support of the fund to pay Pensions to Widows of Officers.

Captains and Lieutenants have also Sixpence per Month abated, for the support of the Royal Hospital at Greenwich. All the other Officers have a like abatement made, and a farther one of One Shilling per Month for the support of the Chest of Greenwich. Surgeons have these last two abatements made from their pay for a servant, the same as if compensation for one formed a part of their income.

Warrant-Officers will not in future be appointed to ships whilst on the stocks building.

The Revenue cruizers are in future to bear a proportionate number of boys to their compliment, for the purpose of being brought up as cutter sailors.

It is ordered, as a measure of economy, that Pilots shall not in future be placed on-board King's ships, for Channel or any service.

We understand, that the signals, which have so long engaged the attention of the Admiralty, have been at length issued to the Navy; they have been sent to all the foreign stations, and Lord Exmouth issued orders to the ships of his squadron, which were at Spithead and Plymouth, to use them. The flags have been cut upon a new and much approved mode, by which there is no waste of buntin. There are two books, one of tactical signals, the other telegraphic signals; they are both much more extensive than the former work. We are not at present acquainted with the detail of the arrangement, yet we understand, from a variety of Officers, that the principle of classification has been universally admired, as, the instant the upper flag is displayed, it leads the observer to the subject which it is intended to convey. Too much credit cannot be given to the Admiralty, for their particular attention to this important part of the Naval profession.

The Commissioners of the Navy have determined not to admit, for the present, any more apprentices to the new establishment at Portsmouth—a superior class of shipwrights, now denominated the Royal Naval Architectural School.

Although there was no naval promotion on the Prince Regent's birth-day, as was expected, it is rumoured that a promotion, on a very liberal and extensive scale, will take place at no very distant period.

Such men of the Royal Marines as are discharged for limited service, are, if of the old established size, at liberty to enter again and receive a bounty of five pounds. The recruiting has been ordered to be discontinued, and the different Officers to join their division before the expiration of three weeks.

Twenty-two ships and vessels are still remaining on foreign stations, on the war establishment, viz. In the East Indies—Cornwallis, 74 guns; Acorn, Alpheus, Horatio, Revolutionnaire, and Leda frigates; Favourite, Thais, Tyne, Volage, and Termagant, 20-gun-ships; Elk, Hesper. St. Helena—Icarus. Philomel, and Zephyr sloops. Brazils—Orpheus frigate. Halifax station—Akbar, 50, Menai, 24, and Espoir sloop. Newfoundland—Plover and Hazard sloops.

When his Majesty's ship Bucephalus was paid off at Portsmouth, immediately after the Commissioner left the ship, the petty officers and seamen assembled on the quarter-deck, where a very elegant sword, sword-knot, and belt, was presented to Mr. Thomas Mackenzie, first-Lieutenant, as a token of regard for his kind attention during the time they served with him in that ship. The sword was delivered by the Captain of the forecastle, who observed, that every one who knew Lieut. M. must be convinced that it would be cheerfully unsheathed whenever he might be again called upon to support his country's cause, and that it would never be returned to the scabbard but with honour.

First Lieutenants W. Stoart, and J. T. Williams; and second Lieutenants G. J. Holton, S. Lloyd, J. M'Farlane, and F. D. M'Quarrie, of the Royal Marines, have retired on half-pay; Lieut. Robert Berry, is placed on the out-pension list of Greenwich.

The following are the new regulations respecting the pay and allowances to Revenue Cruisers, divided according to their tonnage into three classes. Lieutenants of the first class, 140 tons, have 150*l.* per annum; second-class, 130*l.*; third class, 110*l.* Ten men are taken off the complement. The allowance of table-money suffers a reduction of 2*s.* 6*d.* a day, and 5*d.* per diem is taken from the former victualling allowance, for each man of the crew. In consequence of this reduction a greater allowance is made to the revenue Cruizers for seizures—When a vessel, crew, and cargo, are seized, the whole goes to the captors; when the vessel and cargo, two-third; and if the cargo, half. Widows of men who may be killed in the service will be allowed 10*l.* per annum; and men receiving hurts will also receive a remuneration.

The Royal Sovereign yacht has again been thoroughly repaired at Deptford, for the purpose of attending upon the Prince Regent at Brighton. The cabin, state-rooms, and the whole interior of the vessel, have undergone complete and elegant embellishment, and the whole of the ornaments, &c. now added; the stern and exterior of the vessel have not been neglected.

A 74 gun ship swallows up 3000 loads of timber; a load of timber contains 50 cubical feet, and a ton 40 feet; consequently a 74-gun ship takes 2000 large well-grown trees, perhaps two tons each. The distance recommended for planting trees is 30 feet, but supposing trees to stand at the distance of two rods (33 feet), each statute acre would contain 40 trees; of course the building of a 74-gun ship would clear the timber of 50 acres. The complaints relative to the decrease of our timber are not to be wondered at under such circumstances.

OBITUARY.

At Islington, Capt. Joseph Huddart, F.R.S. and one of the Elder Brethren of the Trinity-House.—At Brighton, Lieut. George Adam Moss.—Mr. James Strangham, Assistant-Surgeon.

THE Publisher returns his acknowledgments to Correspondents who have obligingly favoured him with communications, which have been adopted, whenever they were compatible with the plan of the List, or conducive to its improvement. He requests the continuance of similar suggestions (POST PAID, or under cover to the Secretary of the Admiralty), which shall always receive his attention.

As the compilation of the Quarterly HALF-PAY LIST *may be materially assisted by this Publication, Officers are earnestly requested to be as accurate as possible in the communication of such facts and dates as they are pleased to transmit.*

The Lords Commissioners of the Admiralty have been pleased to direct that Officers bearing the same names, shall be distinguished from one another by particular letters, which shall always afterwards continue annexed to their names, whether they remain in the same, or rise to any superior rank.

The Navy List has now been completely revised and corrected, and contains several additional particulars: viz. a separate List of the Naval Officers who are Knights and Companions of the Bath—a Statement of the New Rates of Half-Pay—and separate Lists of Officers promoted, and of those receiving Appointments within the month.

The present Number contains, in addition to the above, the STATION of every Ship *in His Majesty's Navy. The like information will be inserted periodically in future Numbers.*

*** *The List of Officers in the Royal Marine Forces has been carefully corrected, according to the Peace Establishment.*

Note.—*From the number of erroneous reports received of the Deaths of Officers, which in some cases occasioned inconvenience to the Service, and considerable anxiety to the Families of individuals, it has been found absolutely necessary to discontinue the publishing of that information. In future the Names of Officers will not be omitted on the List until their Deaths shall have been officially reported, or fully ascertained by private information. But reports of such events are nevertheless acceptable, to enable the inquiry to be made.*

DEATHS REPORTED.

Note.—From the number of erroneous reports received of the Deaths of Officers, which in some cases occasioned inconvenience to the Service, and considerable anxiety to the Families of individuals, it has been found absolutely necessary to discontinue the publishing of that information. In future the Names of Officers will not be omitted on the List until their Deaths shall have been officially reported, or fully ascertained by private information. But reports of such events are nevertheless acceptable, to enable the inquiry to be made.
